## EDUCATION

UCLA Ext, Los Angeles  
Full Stack Development

General Assembly, Los Angeles  
HTML, CSS & Web Design

## PROJECTS

### Stewie Marketplace

*github.com/projectstewie/stewie*

- Scheduled for completion on April 2020. Stewie is a Marketplace for new and used items for children.
- Developed a SPA front-end utilizing reusable components with ReactJS. Styled with CSS and Bootstrap.
- Built a RESTful API with Node.js, Express, Sequelize and Postgres.
- Integrated payment system using Stripe.

### Toby Management

*toby-mgmt-herokuapp.com*

- Designed and built a comprehensive HR tool for small businesses that easily manages employee data in one place.
- Authentication built with Passport.js and encrypted with BCrypt.
- Employed File Upload feature using React Dropzone and Amazon S3.
- Architected the back-end with Node.js, Express, Sequelize and MySQL.

### Code Book

*code-book-app-herokuapp.com*

- Created a notebook for developers to help them stay organized with their code snippets and notes.
- Successfully structured the front-end with Javascript ES5, jQuery and CSS.
- Incorporated a built in code editor with Ace.js.
- Implemented Node.js, Express, Sequelize and MySQL using the MVC structure.

## EXPERIENCE

### Jane Garnett Therapy, Event and Project Management

MAY 2017- PRESENT

- Manage 5-10 global therapeutic retreats and conferences.
